

A sales solution in partnership with Visit Wales.

What is TXGB and how does it work for me and my business

TXGB enables you the supplier (accommodation, attractions etc) to manage live availability, prices and bookings across multiple booking channels in a one-stop platform.

The TXGB platform is already connected to many of the industries booking channels including Go North Wales. It can access your rates and availability from your booking system and update them everywhere else in real time.

An increasing range of **booking system** partnerships.

Things to do

Accommodation

How much will it cost me? and if I join how do I receive the payments?

As a supplier you pay nothing until you receive a booking through the platform this will be a 2.5% TXGB booking fee on top of your own booking channel commission fee.

Go North Wales is commission free for North Wales Tourism Members.

As a supplier on the platform you can connect with as many booking channels as you like, however you have a choice of two different types of ways of being paid....

- **Direct distributor**

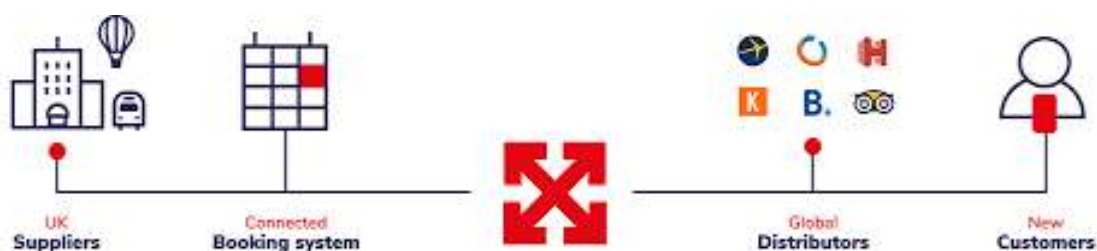

You will receive a direct payment from the consumer at the point of booking. You are also able to set up your own terms and conditions.

- **On account distributor**

The consumer pays the distributor who will in turn pay you. The terms and conditions are determined by the On account distributor.

How to join...

Connect to TXGB through your current booking system or use the inbuilt sales tool TXLoad for free.

Interested connect in 4 simple steps.

Visit www.txgb.co.uk

1. Click apply now to complete the Get Connected wizard.
2. Select your booking system from the list shown, or select alternative connection options to connect manually with the free inbuilt tool TXLoad.
3. Enter your bank account details so TXGB can collect any fees owed for bookings to distributors, reducing administration for you.
4. Link your stripe account (or easily register) to receive payment for bookings directly from consumers, through their direct payment distribution partners.

TXGB will then email you a username and password for access to your dashboard.
